

To: FCCFrom: James Axford

As a subscriber to XM satellite radio and an avid traveler, I rely on XM radio to deliver the traffic and weather of the cities through which I am traveling. This saves me time trying to find a local station of which many worry only about music and commercials and not the safety of those in the area. This is an invaluable service to me and I urge you to support XM's ability to provide that programming I deserve and pay for. I am asking you to reject the National Association of Broadcasters petition 04-160. It is not up to the NAB to decide what I am permitted to hear. Please reject this petition and focus on real issues.

Thank you.

James Axford
